Leading Lifetime Leaders Recognized For All Facets of Production

Longevity and lifetime profitability remain hallmarks of the Jersey breed, and one cow stands above the rest in the 2025 lifetime production contest — Oakfield TBone Vivianne-ET.

For the third consecutive year, "Vivianne" topped every division of the American Jersey Cattle Association's Leading Living Lifetime

Production Contest, which recognizes cows that are still living and have produced at least 225,000 lbs. of milk, 10,000 lbs. of fat or 8,000 lbs. of protein.

Surpassing 310,000 lbs. of lifetime milk while also leading the breed for fat and protein production, she headlines a distinguished group of cows whose exceptional lifetime performance reflects the productivity, efficiency and genetic strength of the Jersey breed.

President's Trophy and Hilmar Cheese Award Winner

Exceptional component production earned JX Jer Bel HoleinOne Eagle {6}-ET top honors in 2025, as she claimed both the Hilmar Cheese Yield Trophy and the President's Trophy. Bred and owned by the Howard King Family of Ohio, the junior three-year-old topped the breed for mature equivalent protein and actual cheese yield while becoming the new National Class Leader for protein production in her age division.
