

# **STRONG INFLUENCE**

*We are pleased to see Schultz sires continuing to impact the Jersey breed.*

After reviewing the A, F and G bulls lists we are pleased to report that 55% (316 out of 570) sires trace back to Schultz genetics within the first five generations. This includes the top bull 11JE7595 JX ALTAFARVA {6} (+200 GJPI).

## **HUFFARD DAIRY FARMS**

*"Production-Pure  
Genetics Since 1929"*
